

## BRAINSTORMS

With Ferrin Cox

Hillary Clinton ... wife of new President Bill Clinton or cabinet member? The big national debate continues about her rightful place in the new administration ... and about her hat, her dress, etc. We ain't worried about the style of her dress nor her hat, in fact when the word first got out that women were complaining about her inaugural day attire, it surprised us. The thought had never been crossed our mind. In fact you will probably find that she had the help and advice of some high priced fashion experts - you know the folks who actually design all of these weird clothes for women. Nor should Americans be upset about the location of her White House office. Under this system, political watchers will know exactly what Hillary is doing or saying. That type influence on government policy is much easier to deal with than "pillow talk." Every president with a wife has had that input, regardless of how many times the wife stated she wasn't involved in the decision making process!

Hillary is expected to work on health care reform - an area most experts concede needs reforming. We admire the woman's abilities. Our only concern is her ultra liberal ideas expressed loudly during her younger years.

Thus far The Elba Clipper has received two letters since last week which can't be printed. One was speaking for "all the people of Elba" and was actually signed that way. "All the people of Elba" will never agree on the weather, Christmas or anything else. We respect the opinion of the writer but need a name to print the letter. The second letter was critical of this country boy and the use of "we." The South Florida writer has a bad problem with the use of the editorial "we" and "our" in this column, something started some 30 years ago. We apologize - not for using "we," but for the fact someone is so offended by its use. The blood pressure of our unknown critic apparently jumps ten or twenty points at the sight of "we" in this column. When this column began all these many years ago, "we" thought it was proper journalism to use the "we," rather than "I" in an editorial column. There is entire too much gray in our hair to stop now. Sorry.

Washington is battling to keep a Clinton campaign promise. The one about accepting homosexuals in the military. The word "gays" was purposely avoided because we are offended that the meaning of this word has changed. We remember using it as a compliment for a person, far from the present use which is interchangeable with homosexual. Anyway, most of us see a picture of gay rights activist marching down the streets of California in all kinds of garb and fear the same thing will happen on military bases. There have been homosexuals in the military throughout recorded history and will continue to be and as one friend said, "They can shoot a gun too." We hope President Clinton will suggest they stay in the closet and not compete with their California activist friends for attention. We don't understand homosexuality and don't feel threatened by those who practice that life style, but neither do we enjoy watching them tote their placards.

We stopped smoking our pipe many years ago. Frankly it wasn't for health reasons ... we felt bad health would happen to someone else. Our reasons were more work related. We wanted both hands free to catch up with the work. Anyway, former smokers are considered dangerous and we fall in that group but try not to act "holier than thou." The proposal in Florida to add a \$1 per pack state-tax on cigarettes is being promoted by the American Heart, Lung and Cancer Associations. We don't disagree with the idea, in fact think it should be expanded to other states. (Presently Florida has a 34¢ per pack tax on cigarettes and only 16.5¢ state tax). We have often wondered at smokers who assert their "rights" while blowing smoke in our face and hacking and coughing with smoking related illnesses. They then look around for the government to pay medical bills when the insurance runs out. Maybe Hillary Clinton will latch onto this at the federal level and use it as a way to cut smoking and thus smoking related illnesses. It would also eliminate the need for many medical services associated with smoking and the accompanying spiraling medical cost. At the same time it would raise billions of dollars of revenue to fight the federal deficit. Cigarette tax in England is \$3.24, Norway is at \$3.97 and Denmark charges \$4.06.

We have complained for years about the problems with courts making law instead of administering justice. This week the U. S. Supreme Court said the State of Texas may execute a man who has claims of new evidence of his innocence, before the man is given a hearing on the new evidence. On one hand we are disgusted with the years and years of appeals lawyers use to stall death sentences. On the other hand we are frightened at the thought that the only "fail safe" relief for this person with real new evidence in hope the lawyers can convince the governor to grant executive clemency. With all our complaints of shortcomings in our system, things like this ruling are what keep Americans from forcing a Constitutional Convention.

## We Get Letters.....

Dear Editor,

We are trying to find some of our past. We are looking for anyone who has any information on the Calvin Bennett Family in the 1880 Census. His wife was Palestine age 25. Had a son name Dan age 7 and a daughter name Callie and may have more children. In the 1880 Census they lived in the Centerville District of Coffee County. We are also searching for any information on Palestine's sister, Matilda (Boles) and information will be helpful.

Thank you,

To The Elba Clipper:

While perusing through the inspirational book titled "Love Gift" that was given to the late Bill Smart by Mrs. Wayne Brown Swain on June 24, 1985, (two of the most selfless individuals I have known), I came across the following which spelled the situation in the City of Elba. I cannot resist requesting that you please print this in the next edition of the Clipper.

### Two Kinds of People

The housefly is a pest and is despised as such, for it blights everything its legs and wings may touch.

But bees still pollinate on cloudy days and sunny the clover and the corn and manufacture honey.

We're all like busy bees or else like unclean flies.

Are you a honey-maker or spreading filth and lies?

Environment  
Grouch was the family name; Grim was the oldest brother, And Greed and Greve were twins; Grump was their name for mother. Beside them lived the Spies; The girls were Spitz and Spitz; Those sons were Sads and Siew And how they loved to fight. They lived in Peevish Town [Is this Elba?]

[To live there I would waiver]

For the Grouches hate the Spats And Spats return the favor.

You can't prove anything in an argument except that you're just as bullheaded as the other fellow... but just think what the governing body, elected by the people of Elba, could accomplish by agreeing and working together toward a common goal. Elba, as well as our nation needs leaders who are role models, not stumbling blocks. The youth are listening and watching the adults.

I believe I echo the sentiments of the majority of the people in Elba and the area, and that is for the elected officials to call a truce and get on with the job of helping make Elba a safer, better place to live and work.

Sincerely,  
Jean K. Cade

Dear Editor:

I have been a member of the Elba Evergreen Cemetery Committee for at least 15 years. We welcome anyone that is interested in the cemetery to join our group. The only reason for this group is the care and upkeep of same. Most of the few that attend, we usually have 6 to 8, are elderly, John Wrayton Sharpless is perhaps the youngest and he is Chairman of the Committee. We only meet every two months at 5:00 p.m. at City Hall. We welcome anyone with an interest to join our group. We try to get people to make contributions, memorials in memory of loved ones or lost friends. It all goes to buy equipment, hire someone to maintain the large cemetery.

The committee voted to remove the ancient, beautiful magnolia trees. Not because we don't love them but because of the expense of cleaning up after these takes so much time. If the ones that want to keep them and the entire cemetery where we want to, they need to help pay for it.

Many of us have our beloved families buried there and in due time it will become our last resting place also.

Help all of Elba by helping, with your support, to keep our cemetery a place we can be proud of.

Sadly, but true, it costs money to die and money to maintain the burial grounds.

Please help any way you can. I love my life and do what little I can do to make it a better place to live and a better place to die.

Mr. &amp; Mrs. Lunsford

### Lunsford - Lamb Wedding Held September 19th

Sherie Jo Lamb and Capt. Tom Darrin Lunsford were united in marriage Saturday, September 19, 1992, in a candlelight ceremony at Lee Street Baptist Church. Rev. Robert Bayne officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Joe Lamb, Jr. of New Brockton.

The bridegroom is the son of Mr. and Mrs. Tommy Lunsford of Enterprise.

Grandparents of the couple are the late Mr. and Mrs. Joe Lester Lamb, Sr. of New Brockton, Mrs. Wilma McKenzie of Louisville, Kentucky, Mrs. Louise Lunsford Wilson and the late Howard Lunsford of New Brockton and Mr. and Mrs. James Wambles of Jacksonville, Florida.

Wedding music was provided by Mrs. Martha Crutchfield of New Brockton, Harlan Ray of Enterprise, and "Cherish the Treasure." Gary Lunsford, cousin of the groom, and JoAnn Lunsford, aunt of the groom, from New Brockton, sang "My Only Love."

The bride was escorted down the aisle by her father, she wore a candlelight ivory silk, floor length gown. Lace covered the bodice and was patterned with roses with pearl centers. Strands of pearls accented the v-neck of the dress. The neckline, sleeves, and dropped waist were trimmed with ivory pearls. The headpiece was made of the same delicate lace as the dress bodice and attached to a butterfly bow of pearls.

She carried a cascading bouquet of white lilies with red centers, intertwined with pearls, white ribbon and green ivy.

Pam Jordan served as maid of honor with Mary Speigner as the bridesmaid, both of Enterprise. Their tea length dresses were red chintz with puff sleeves, full skirts and dropped waistlines. They each carried crystal lanterns with red candles, surrounded by dogwood blossoms, white ribbon and green ivy.

The flower girl was Taylor Head, daughter of Mary Speigner. She wore a short red dress with a ruffled skirt trimmed with red lace. She carried a white flower basket that contained red rose petals.

Tommy Lunsford, father of the groom, served as best man. Groomsmen were Bruce Ammons, brother-in-law of the groom. Ushers were Randall Rainey of Jack and David Rainey of Montgomery.

The mother of the bride wore a two piece royal blue silk dress with a white lace collar and white lace cuffs on the long sleeves. The groom's mother wore a two piece royal blue silk suit. Both wore corsages made of white roses and white pearls.

Following the ceremony, the bride's parents hosted a reception in the church fellowship hall. Guests were greeted by Mrs. Margie Lamb and Rhonda Davis of New Brockton. Mrs. Davis, aunt of the bride, also directed the wedding. Donna Ammons, sister of the groom, kept the bride's book.

Servers included Cheryl Thomas and Sabrina Mixson of Enterprise, Lisa Adams and Brandy Adams of New Brockton, and Debra Duke of Ozark.

After a wedding trip to Panama City, Florida, the couple is at home at Macmillan Air Force Base in Tampa, FL.

### The Lingering Danger

I am astounded when I read about the destructive force of the missiles we have as a part of our nation's defense.

The experts say that these missiles have a destructive capability 50 times greater than those atomic bombs used in World War II. However, all the dangerous devices of man put together cannot equal the danger of what is found in Hebrews 2:3. "How shall we escape, if we neglect so great a salvation; which at first began to be spoken by the Lord, and was confirmed unto us by them that heard him."

Neglect is what I call "the lingering danger." Monarchs have lost kingdoms, the wealthy have lost fortunes, free men have lost their liberty, family men have lost their wives and children and foolish men have lost their souls.

How does this dangerous thing take place? First of all, neglect comes through carelessness. When we are confronted with the claims of Jesus Christ many carelessly dismiss them as unimportant or insignificant. In reality, to turn your back on Jesus Christ as your only hope for salvation is to sign your eternal death warrant. Jesus Christ is man's only hope for this life and the life to come. He said in John 14:6, "I am the way, the truth and the life. No man cometh to the Father except by me."

Secondly, neglect may come through casualness. What do I mean by that? Many today have become so familiar with the story of the Gospel that when they hear it they treat it with a casualness which leads to neglect and to hell.

Finally, the third way in which neglect is developed in an individual

is through callousness. Many today have heard and rejected the gospel so many times until now their hearts are insensitive to the Spirit of God's convicting power. When a person's heart becomes callous, neglect becomes an easy thing. To reject is to neglect.

Do not fall prey to this lingering danger of neglect.

## The Pressbox

By Ricky Mularz, Sports Editor

If anyone has noticed a slight change in Melissa's clothes in recent weeks, it's because Dad is back in charge of taking her to school and helping her pick out her clothes. Kathy heads to school around 7:00 each morning, and I felt like it would do Melissa good to get in an extra half hour of sleep every morning and not try to go with her Mom. Well, so far I have managed to get both Melissa and Melanie up on time, and the only difference is that we don't spend as much time on Melissa's hair and she is wearing jeans a little more than in the past. Comfort is important to learning, right?

### ELBA TIGERS END ONE STREAK, BEGIN ANOTHER

The Elba Tigers extended their winning streak to seven games last week with a lopsided win over Zion Chapel and moved into the "Top 10" in the state rankings, but since have started another streak with back-to-back losses to Area rival Luverne and 2A power Georgiana and by the end of the week owned an 8-3 record, with nothing but tough games on the horizon.

Back when the Tigers improved their record to 8-11 was cautiously optimistic, based primarily on who the Tigers had defeated. The wins were great to have, but the wins over Rehobeth, Kinston, Goshen, Louisville and Zion Chapel really weren't over top quality teams. The wins over New Brockton, Georgiana and Luverne were big wins any year and two of the wins came on the road; however, the only real test on the schedule was against Opp, a 4A power that blew the Tigers out. The 8-1 record was excellent and got the Tigers statewide attention, but at the same time it was deceiving and may have given the fans, and players, a false sense of just how good the team really was.

That's not true any more! Luverne came to town Friday night and handed the Tigers a solid whipping in front of a big Elba crowd that had come to watch the Tigers' first championship, while on Saturday night the Tigers went to Georgiana and took it on the chin from a team that had lost to Elba just two weeks before. The eight wins may have given the Tigers something to roar about early in the season, but the recent losses may have taken some of the roar out of the Tigers and brought them back down to earth.

After eleven games, it is obvious that the Tigers have an excellent basketball team that has the talent to win on any given night against any level of competition. The Tigers do have a lack of outside shooting at times and don't have a true point guard, but there are a lot of teams that aren't blessed with a complete team that still win a lot of games and the Tigers can do the same. Elba has good enough inside to battle on the boards and score points in the paint, and is blessed with a couple of outstanding athletes that can rise to any challenge and score points in bundles. Elba wasn't as good as its early 8-1 record may have made many of its fans believe, and it isn't as bad as some may now think after two straight losses.

Just how good is Elba? That answer should be known pretty soon. The Tigers have road games ahead against Louisville, Slocomb, Enterprise and Goshen, and then return home to battle New Brockton, before a rematch on the road against Opp. I think I know the answer to the question, and that is that the Tigers will come through the rugged schedule with some more impressive, but hard earned wins. The Tigers may not sweep through the games without a couple of losses; however, I expect the Tigers to step up their level of play and be a much better team by the time tournament time rolls around.

Elba fans need to stick with their team and make the road trips to give the Tigers the support they deserve. The players always give 100 percent, the fans need to do the same!

### BRANTLEY & NEW BROCKTON WIN AREA CROWNS

The high school basketball season still has three weeks left on its regular season schedule, but Brantley and New Brockton have already made reservations for the post-season tournaments by winning their prospective areas. Here's a look at last week's action:

**BRANTLEY** destroyed Red Level to win the Area title and that means that the other area foes will have to make another trip to the Bulldogs pit. The Bulldogs lost their first game of the season Saturday night to J.F. Shields, a game the Dogs could have won, but the loss shouldn't give the Bulldogs' opponents any shot of confidence, because Shields may have the best team in the state in the 2A ranks and the loss shouldn't do anything but make Brantley a better team than it already was. Brantley showed a lot of heart in the loss and the next time the Bulldogs get behind, they now know that they have more than enough to come back and win. Don't let the loss fool ya, Brantley is better than ever!

**NEW BROCKTON** has survived some off-court problems and now appears to be tuning up for post-season play. The Gamecocks struggled a bit in mid-season and appeared simply average for a couple of games. However, those games are now over and the Gamecocks are rolling along playing their best basketball of the season. Watch out, New Brockton is just as good as we all thought they were.

**KINSTON** is still hanging around the .500 mark and unless the Bulldogs make a late-season charge it looks like another break-even season for Kinston. Continued...Please see "Pressbox" on Page 9

## Tigers drop 58-53 overtime loss to Georgiana Panthers

The Elba Tigers suffered their second loss in two nights on Saturday night as the Georgiana Panthers handed the Tigers a 58-53 overtime setback, in Georgiana.

The loss left the Tigers with an 8-3 record, while Georgiana improved to 9-5 with the win.

Georgiana scored first in the game to grab a quick 2-0 lead; however, the Tigers moved on top 4-2 on a pair of free-throws by Dion Belcher and then used the inside strength of Joe Donaldson to pull out to a 12-8 lead by the end of the stanza.

A drive by Donaldson with 5:05 left in the second quarter gave the Tigers an 18-11 advantage and it appeared as if Elba was in command, but the Panthers refused to let the Tigers run away and closed to within 20-17 with 3:02 left in the half.

A free-throw by Donaldson with 2:17 left gave the Tigers a little breathing room with a 23-18 lead, and the Tigers went in at the half still on top by five points, at 24-19.

Georgiana came out ready to play in the third quarter and took advantage of a four minute scoring drought by Elba to pull even at 24-24.

A basket by Dion Belcher with 3:59 left in the quarter was the first points for the Tigers in the second half, but the Tigers survived the long scoreless drought and regained the lead at 30-28 with 1:54 left in the stanza on a jumper by David Yelverton.

Elba opened the fourth quarter with a bang and moved on top 39-33 with 7:04 left in the game on four free-throws by David Yelverton and a three-pointer by Keith Grantham.

Elba regained the lead and was on top 48-44 with 2:18 left following a layup by Alex Magwood, but the Tigers failed to score again and went into overtime with the score knotted at 48-48.

Elba jumped out to a 51-50 lead with 2:18 left in overtime on a layup by David Yelverton, but scored only two points the remainder of the extra period and Georgiana hit on 3 of 8 free-throws late in the overtime to take the 58-53 win.

### Continued from page 8... "Pressbox"

The Bulldogs, Kinston is much better than a .500 club, but the Bulldogs play in one of the state's real hot beds of high school basketball and don't back down from anyone when making out their schedule. If you have ever seen Kinston play, you'll see that the Bulldogs are much better than their record shows.

**ZION CHAPEL** may be winless, but just on the schedule, not in the hearts of its players. The Rebels took it on the chin in Elba last week and lost a close one over at G.W. Long, but the Rebels played just as hard as they could for every minute of every game and never once looked like a team that had given up. I could be wrong, but I've just got a feeling that before the season ends the Rebels will catch someone looking and get a win.

### BRANTLEY-J.F. SHIELDS GAME WAS REAL TREAT

I attended the Brantley-J.F. Shields basketball game Saturday night in Brantley, and despite the fact the Bulldogs lost for the first time this season, it was quite a high school basketball treat. The game received a lot of pre-game press in the daily papers because of the fact Brantley was #1 in 1A and Shields was #2 in 2A, and also because the coaches were such good friends. The gym was packed long before the game started and the police and school officials discussed closing the doors, but they let the fans earn into the gym and everyone in attendance got their money's worth.

If there are two better small school basketball teams in Alabama than Brantley and J.F. Shields I'd like to see 'em, because both of the teams that played Saturday night were something else!

### WHERE ARE THE YOUTH BASKETBALL FANS?

The Youth Basketball League reached the midway point in its season last week and once again there were twice as many empty chairs as there were fans. I know that nobody likes to get up on Saturday morning, but the players do it, and the fans should too. C'mon fans, the kids deserve your support and you may be surprised at just how good the kids really are.

## Brantley drops squeaker to J.F. Shields 77-76

The Bulldogs saw their dreams of an unbeaten season fall off the rim as the horn sounded Saturday night as J.F. Shields, Panthers handed the Bulldogs a 77-76 defeat, in a packed gym in Brantley.

The loss left Brantley, the top ranked team in the state in Class 1A, with an outstanding 18-1 record, while J.F. Shields, the #2 team in 2A circles, improved to 18-3 with the win.

J.F. Shields came out dominating the game on both ends of the court and stunned the Bulldogs by jumping out to a 13-0 lead with 5:31 still left in the opening stanza.

A bucket by Brantley's Eric Person with 5:04 left in the quarter got

the Bulldogs on the scoreboard, but it made little difference as the Panthers continued to dominate the game and pulled out to an 18-5 lead with 3:34 remaining in the stanza.

A three-pointer by Andrew Kilcrease with 1:40 left in the quarter cut the lead to 20-12, and Kilcrease sparked a late Bulldog rally that enabled Brantley to chop the Panther lead to 20-19 by the end of the quarter.

Brantley took its first lead of the night at 21-20 with 7:52 left in the second quarter, but the Bulldogs cut the lead to 20-12, and Kilcrease sparked a late Bulldog rally that enabled Brantley to chop the Panther lead to 20-19 by the end of the quarter.

Brantley's confidence was growing and with each trip down the court and the Bulldogs began to take charge midway through the quarter and grabbed a big 36-29 lead with 5:10 left in the half on a basket by Adrian Person.

The Bulldogs took their biggest lead of the night and moved to 31-15 left on an inside bucket by Derek Caldwell; however, J.F. Shields used his quickness late in the half to cause Brantley turnovers and closed with a spurt to go in at the half trailing only 42-38.

Brantley regained command early in the third quarter and moved to 52-43 with 4:09 left on a strong inside move by Caldwell.

The big lead was short lived, as J.F. Shields came back with a three-point stripe and used a sticky full-court press to close the Brantley lead to 62-60 by the end of the quarter.

Brantley took a 65-62 lead early in the fourth quarter on a three-point by Andrew Kilcrease, but J.F. Shields was now back in the game and used its aggressive man-to-man defense to pull out to a 71-66 lead with 3:04 left in the game.

The Panthers took their biggest lead at 75-68 with 4:24 remaining in the game and it looked like the visitors were about to blow the game open; however, the Bulldogs showed why they were the state's top ranked small school basketball team and responded with a comeback of their own!

A basket by Derek Caldwell with 4:08 left cut the lead to 75-70, and Caldwell hit both ends of the one-and-one free-throw with 2:31 left to cut the lead to 75-72.

Shields increased its lead to 77-72

with 2:10 left on the clock, but a spinning layup by Eric Person with 1:28 left cut the lead to 77-74, and when Caldwell muscled inside for a basket with 47 left, the Bulldogs were within 77-76.

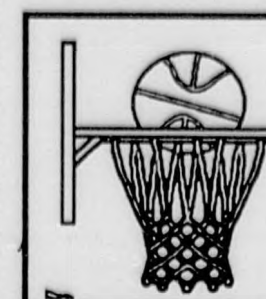

Brantley called a time-out with 29 left to set up a final shot, but the ball knocked out of bounds, and regained possession with :15 still left.

The Bulldogs got the ball back for another chance with :07 left, but Shields tightened up its defense and forced a last-second shot, which hit the rim and rolled off, giving the Panthers the wild 77-76 win.

Derek Caldwell scored 24 points to lead Brantley, while Andrew Kilcrease added 13. Adrian Person 12 and Eric Person 11. Laderick Odom scored 26 points for J.F. Shields and Kirk Kemp added 17.

## ROUND AND ABOUT WITH ERIA - 897-2006

I am the true vine, and my Father is the husbandman. Every branch in me that beareth not fruit He taketh away; and every branch that beareth fruit, he purgeth it, that it may bring forth more fruit. As the branch cannot bear fruit of itself, except it abide in the vine; no more can ye, except ye abide in me.
